

The Ontario Urban Forest Scrap Book-II Urban Forests - A Growing Concern

Some of you may be familiar with "The Ontario Urban Forest Scrap Book authored by Willem A.G. Morsink. This work outlines the land, forests, people, individuals and organizations that have shaped, and continue to shape, Ontario urban forests. Bill has graciously offered to revise the scrapbook and make it an OUFC publication. It will be entitled "The Ontario Urban Forest Scrap Book - II - Urban Forests - A Growing Concern". The OUFC Board of Directors will be working with Bill to provide feedback on the first edition and to supply content for the new edition. We would like to call on OUFC members, and any other interested parties, to provide input as well.

TABLE OF CONTENTS - First Edition

Introduction - The spruce-fringe at Florencia Bay BC
Chapter 1 - The Appalachian and Central US Hardwood Regions
Chapter 2 - Forests and fire in pre- and postglacial Ontario

Chapter 5 - Toronto's pre-settlement forest (1650-1783)
Chapter 6 - The impact of the settlers on the forests of Ontario
Chapter 7 - Farms, forests and shade trees from Confederation
Chapter 8 - Trees and woodlands from 1950 -the urban forest concept
Chapter 9 - Municipal urban forest practises till AD 2000
Chapter 10 -Urban Forest Issues

This 126 page manuscript is available for \$10 (to cover copying and mailing costs). Please mail your request for the manuscript and a cheque made payable to W. Morsink to 37 Holcolm Rd., North York, Ontario, M2N 2C8.

Specifically, we are asking people to indicate which pages they find interesting and should be included in the new edition. We would also like you to suggest new chapter-topics, and or articles (2-10 pages) of urban forest interest in Ontario, written by you. We also need black and white photos and original drawings or sketches on urban forest topics.

Please send your content suggestions directly to Bill Morsink by April 30 th, either by mailing to the above address or emailing to morsink@look.ca The "Ontario Urban Forest Scrapbook-II" will be produced in 2005.
